Online College based Forum App

- Login/Signup for STUDENTS and FACULTIES.
- Separate Screens for STUDENTS and FACULTIES.
- Faculties Post ASSIGNMENTS which the student can complete and SUBMIT.

Tech Stacks –

- Front End – Flutter/Dart.
- Back End –
    1. App Side – Flutter
    2. Server Side – Python/ Django
    3. Database – Firebase

Till now only the bare minimum working model of the App is developed which I will optimize. Currently the Backend part is missing which I will add sooner.
